

AND HERE COMES SUPER HEART!

Got this warm thing in my heart
Ever since death did us part
Fly on the path with no fear
My old bike has this brand-new gear

This is too big I must be dead
Did that tree fall on my head?
Feels so right it can't be wrong
What do I do cause I feel so strong?

Please
Please
Please tell me
Please tell me
Who am I supposed to save?
Who am I supposed to save?

Moon and stars shine in my heart
Deep earth landing made a start
Feel so close to what I see
There's no space between you and me

Please
Please
Please tell me
Please tell me
Who am I supposed to save?
Who am I supposed to save?

Should I find you in the dark
To light the cruel thing with my heart
I have no ring no shiny suit
Can't even find a telephone booth

Lay down low in a long lawn chair
Stop all thoughts I just stare
From my heart a beam of light
Is this wand to calm your fight

Please
Please
Please tell me

Please tell me
Who am I supposed to save?
Who am I supposed to save?

Lois, Clark, is this the deal
The prize I win for the pain I feel
In my heart there is a cave
It seems for you I still crave

Please
Please
Please tell me
Please tell me
Am I the one I'm supposed to save?
Am I the one I'm supposed to save?

Am I the one I'm supposed to save?
