

SuperHEART (schematic diagram, modes and procedures)

SuperHEART!

Got this warm thing in my heart
 Ever since death did us part
 Fly on the path with no fear
 My old bike has this new gear

Should I find you in the dark
 To light the cruel thing with my heart
 I have no ring no shiny suit
 Can't even find a telephone booth

This is too big I must be dead
 Did that tree fall on my head
 Feels so right it can't be wrong
 What do I do I feel so strong

Lay down low in a long long chair
 Stop all thoughts I just stare
 From my heart a beam of light
 Is this wand to calm your fight

Please
 Please
 Please tell me
 Please tell me
 Who am I supposed to save
 Who am I supposed to save

Please
 Please
 Please tell me
 Please tell me
 Who am I supposed to save
 Who am I supposed to save

Moon and stars shine in my heart
 Deep earth landing made a start
 Feel so close to what I see
 There's no space between you and me

Lois, Clark, is this the deal
 The prize for the pain I feel
 In my heart there is a cave
 It seems for you I still crave

Please
 Please
 Please tell me
 Please tell me
 Who am I supposed to save
 Who am I supposed to save

Please
 Please
 Please tell me
 Please tell me
 Am I the one I'm supposed to save
 Am I the one I'm supposed to save
 Am I the one I'm supposed to save.
